GentleClose door hinge	The oven door closes smoothly.
Oven type	Multisystem oven BigSpace - 71 l SuperSize baking area
TouchFree Inox	All stainless steel surfaces are coated with a special TouchFree film that prevents fingerprints markings, leaving the surface always shiny and making cleaning much easier.

Dynamic oven cooling plus - DC+	The system cools the oven on the outside and protects the surroundings.
Foldable top heater for easy cleaning	✓
HomeMade Plus shape	The oven, now even more spacious, features an oval shape that successfully mimics the traditional wood-fired ovens. This allows optimum circulation of air that completely embraces the food to make it tender and juicy on the inside and amazingly crunchy on the outside. The air is even better distributed throughout the 71-litre cavity with recessed sides, which decreases the occurrence of cool spots that preclude even browning. Special air circulation dynamics affords excellent conditions for professional cooking on a single rack or on several racks simultaneously.
Catalytic sides	Catalytic oven side
Catalytic fan cover	✓
Catalytic cleaning CataClean	Special surface that cleans the oven by absorbing grease and impurities.
